

Declaration against Modern Slavery

Our company is committed to combating all forms of modern slavery in all its facets.

We stand for equality, respect and human dignity and firmly believe that everyone has the right to freedom and self-determination.

We therefore condemn all forms of forced labor, human trafficking, exploitation and slavery in our supply chains and throughout our business operations.

We are committed to auditing our business partners and suppliers for compliance with these principles and to ensuring that no forms of modern slavery occur in their production.

We demand transparency, fairness and ethics in all our business relationships and are actively committed to ensuring that human rights are respected and protected worldwide.

Our corporate declaration against modern slavery is not just a formal commitment, but a living commitment that is firmly anchored in our corporate culture. We work every day to create a world without slavery, actively contributing to a fairer and more humane society.

This policy applies to all individuals who work for or on behalf of the company in any capacity, including employees, directors, officers, volunteers, agents, contractors, consultants and business partners.
